

Dig That Hole

Monster Magnet

I, I can't sleep at night
'Cause that's the only time
When I feel truly free And I just want to drive my car
I'm dunno where I'm going
But at least I ain't standing still I'm feeling nervous
And my doctor says to me
"Boy, that ain't nothing
That a pill won't cure"
Hey Me, well, this is all about me, yes
I'm a buzz-word, bluetooth jerk-off on TV
And I ain't gonna try too hard I wanna win a contest
And break off my piece
Of the American dream Give me a bonus
'Cause the world has fried my head, yeah
I just want what I deserve Oh, dig that hole
I said to dig that hole, baby
Oh, dig that hole
Come on, come on and dig that hole I, I want to start a fire
And fly a jet, save a dog
Or get paid for being right But I can't understand this world
The kids just seem to wanna spray paint
The word nigger on the wall Guess I forgive them
For they know not what they do
And our society's just lost it's cool Oh, dig that hole
I said to dig that hole, baby
Oh, dig that hole
Come on, come on and dig that hole Oh, dig that hole
Come on, come on, come on, come on, dig it
Oh, dig that hole
Alright, dig it Oh, dig that hole
I said to dig that hole, baby
Oh, dig that hole
I said to dig that hole Oh, dig that hole
Come on, come on
Come on, come on, dig it
Oh, dig that hole
Come on no and dig that hole Oh, dig that hole
I said to dig that hole now
Oh, dig that hole

Dig it, dig it, dig it, dig it, dig it, yeah Oh, dig that hole
Dig it, dig it, dig it, dig it
Dig it, dig it, dig it, dig it
Oh, dig that hole
I ask you to dig that hole, baby Oh, dig that hole
Oh, dig that hole
Oh, dig that hole
Come on, come on, come on, come on
Come on, come on, come on, come on
Dig that hole
I ask you to dig that hole
