

The Trash

The Falcon

Shit eating grin
Happening again
Ugly boys on ugly trains doing ugly things
Stow away low
Down with the crew
Down in the galley like good girls do
Take out the trash
Show her the town
Pour in the poison
Try not to drown
Try not to yell
Try not to cry
This isn't hell
This is goodbye
I'm like a demon
Trapped in a man
That I'm killing right where he stands
This is disease
You get by the can
These shitty pages
Are all that i have
Take out the trash
Show her the town
Pour in the poison
Try not to drown
Try not to yell
Try not to cry
This isn't hell
This is goodbye
Take out the trash
Show her the town
Pour in the poison
Yeah we all drown
Try not to yell
Try not to cry
This isn't hell
This is goodbye
This is goodbye
