

Sonic Death Monkey

Eighteen Visions

Red lights gleaming screaming
You entice this time
Can't you see I'm teething?
Bleeding from insideFor you I will not lust
For you I will not bust
Which way should I go or should I know
Which way should I go or should I knowI can't take it back, I don't want it back
I can't take it back, I don't want it back
For you I will not lust, for you I will not bustRed lights gleaming screaming
You entice this time
Can't you see I'm teething?
Bleeding from insideFor you I will not lust
For you I will not bust
Which way should I go or should I know
Which way should I go or should I knowI can't take it back, I don't want it back
I can't take it back, I don't want it back
For you I will not lust, for you I will not bustSo lay me down
So I can find my peace now
So lay me down
Let me be at ease this timeSo lay me down
So lay me down
So lay me down
So lay me downSo lay me down
So I can find my peace now
So lay me down
Let me be at ease this timeCan't stop the way I feel this time
This cancer's eating me inside
Can't stop the way I feel this time
This cancer's eating me aliveCan't stop the way I feel this time
This cancer's eating me inside
Can't stop the way I feel this time
This cancer's eating me aliveCan't stop the way I feel this time
This cancer's eating me inside
Can't stop the way I feel this time
This cancer's eating me aliveCan't stop the way I feel this time
This cancer's eating me inside
Can't stop the way I feel this time
This cancer's eating me aliveFor now I'll weep and wallow
'Cos inside I feel so hollow

Make me out, take me out
Make me out, take me out
Make me out, take me out
Make me out, take me outMake me out, take me out
Make me out to be the one
Make me out, take me out
Make me out to be the oneMake me out, take me out
Make me out to be the one
Make me out, take me out
Make me out to be the one
