Death Drive

Islands

Gonna take a ride
A holiday, to fall away
Damn it feels good to drive
All the way, in every laneDo you know just what I do
For you
Do you know just what I do
For youYou could let it slide
Leave me in the back seat
Unidentified
I don't want to be
Bodily
When autumn leavesI don't know if I'm doing it wrong
I don't know but it's taking a long time
I did a line from a script that I wrote
I felt the words in the back of my throat
Slide away
Ride awayIt's not me that disappears
The others go and my will is clear
I glow
I glow
Do you know just what I do
For you
Do you know just what I do
For you
