

Eko Eko Azarak (I: Invocation II: Ritual)

Electric Wizard

Black pyramids under martian sun,
Priests chant ancient necropsalms,
Summon winds across the desert sands,
Sun sets on this dying land. Black ships tear through martian skies,
Earthbound send by sorcerous flight,
13 years through black depths of space,
Ancient race seed this cursed place. Come my fanatics come to the sabbat....
Com my fanatics come to the sabbat....
