

# Sleep (Angel Alanis & Smitty Mix)

## Conjure One

I know it's late  
I shouldn't call at this hour  
But it's my fate  
I need lips to devourMy nervous system is shot alright  
I won't sleep unless you  
Sleep with me tonight  
Deep with me tonightI know it's late  
We've known each other awhile  
I can't wait  
To see your twisted smileKindred spirit of candle light  
I won't sleep unless you  
Sleep with me tonight  
Deep with me tonightAnd my thought to my saint  
I'm so tired but I fight  
Sleep with me tonight  
Sleep with me  
Sleep with me tonight  
Sleep with me tonightDrown out the machinery in my head  
Bring your peace of mind to my bed  
Without sleep there are no dreams  
Without dreams we fall apart at the seamsKindred spirit of candle light  
I won't sleep unless you  
Sleep with me tonight  
Deep with me tonightAnd my thought to my saint  
I'm so tired but I faint  
Sleep with me tonight  
Sleep with meSleep with me tonight  
Sleep with me  
Sleep with me  
Sleep with me  
Sleep with me  
Sleep with me tonightSleep with me  
Sleep with me tonight  
Sleep with me  
Sleep with me  
Sleep with me tonight
