

If You Were Mine

Boyzone

I see what he's doin' to you
And it hurts me so
I wish I could steal you away
But you just won't go
Somethin's holdin' you close to him
Somethin' I can't see
But come that day that you've had enough
I pray you come running' to me
Cause if you were mine
You'd know how good love could be
And if you were mine
I'd love you eternally
if you were mine
Everytime I see your face
It lights up my day
But I watch you passin' me by
and my sky turns grey

Maybe someday you're gonna see
I'm the one for you
Till then I'll just have to wait
For my dreams to come true
Cause if you were mine
You'd know how good love could be
And if you were mine
I'd love you eternally
If you were mine
My friends keep tellin' me to let go
But what I feel they'll never know
I can't stop my heart beatin' so strong for you
But you're with him and not for me
Baby it's as sad as it can be.
