

Say Goodbye

Side Walk Slam

You used me
Abused me
Sad to say we'll go our separate ways
Days will pass but time can't take away
All the pain caused todayChorus:
Say Goodbye now
Turn and walk away
There's nothing left to sayThings I'd say
To make you stay
Won't come out
Of my mouth today
No more words will mend what's been broken
or what's been torn apart
