

Blues For Mama

J.J. Cale

Blues for mama

Blues for mama It just seems wrong to sing this song
'Cause she's not here where she belongs Blues for mama

Blues for mama Rest her soul, she's grown so cold
Her touch is like the winter snow Blues for mama

Blues for mama She went away only yesterday
I couldn't help, what can I say? Blues for mama

Blues for mama Blues for mama

Blues for mama She made her run

She can't be done

She's the only one Blues for mama

Blues for mama
