Kopecky

I can't get you off my mind
I think of you all the time
Could you ever love me and love me right?
If not, let's say goodbyeI keep my feelings close when you're around me
I get the feeling that you're just what I need
You talk so innocent, you act so shy
Can you make me feel alive?Yeah I've got nerves of steel
Your looks enough to kill
No I never thought twice about your heart
Yeah what it loves to tear apart
I keep my feelings close when you're around me
I get the feeling that you're just what I need
You talk so innocent, you act so shy
Can you make me feel alive?You will never let me go
Even when I'm [?]
You will never let me go
Even when I'm [?]Some kinda magic
It must be some kind of magic
It must be some kind of magic
It must be some kind of magic
I keep my feelings close when you're around me
I get the feeling that you're just what I need
You talk so innocent, you act so shy
Can you make me feel alive?
