Losin It

Aimee Jane

I know you just want to save me
Oh but I won't let you
Cause there's so much I want to be
And I don't want to regret you
But I'll miss you when you're gone
I wanted this so very long
And I feel a breakdown coming on

I'm losin' it
I gotta let you go while I go through this
I'm losin' it
Don't wanna say goodbye but I can't do this
I'm losin' it
And over time I've tried it all
I love that I run until I fall
But I'm finally losin' it

It's so hard waking up alone
When I'm chasing my dream
It's so hard to walk this road
With no guarantee
And every movie, every song
Reminds me of you being gone
And I feel a breakdown coming on

I'm losin' it
I gotta let you go while I go through this
I'm losin' it
Don't wanna say goodbye but I can't do this
I'm losin' it
And over time I've tried it all
I love that I run until I fall
But I'm finally losin' it

When I'm outta town
And you're not around
I'll be breaking down
I'm breaking down
I'm losin' it, I'm losin' it, I'm losin' it

I'm losin' it
I gotta let you go while I go through this
I'm losin' it
Don't wanna say goodbye but I can't do this
I'm losin' it
And over time I've tried it all
I love that I run until I fall
But I'm finally losin' it
