

# Outro (Prod. Uncle Eddie)

## Scarface

Far in the distance is cast a shadow  
Symbol of our freedom will bring us salvation  
On the horizon hope for tomorrow  
Sweeping across the land to give us unity  
Look to the heavens with tears of triumph  
To cherish a new life and suffer not again  
Lift up our spirits from all destruction  
Never shall we return from conflict we must learn
