

Selfish

Vivian Green

You may think I'm selfish, sorry but I can't help it
Gotta do this for me, please don't beg and plead
You may think I'm selfish, sorry but I can't help it
Gotta do this for me, please don't beg and plead You don't understand it, just can't comprehend
How I can just get up and leave
You think it's gonna get better, nothing lasts forever
Open up your eyes and see That I'm just somewhere else, don't need nobody
To validate me, I'm good
I wanna do just what I want, whatever that may be
I'm solely focused on me, yeah, yeah See what I'm going through, might seem selfish to you
But I've never tried it and I think that I'll like it
What I'm going through, might seem selfish to you
But I've never tried it and I think that I'll like it, I do You've got many folks who love you, no, you don't need
me
You're gonna be all right
I'm always here for you, can do what we use to do
But soon someone will come along As for me I just wanna be free
To live life to the fullest extent
I've played my role and this chapter has closed
Got cause for new auditions, yeah See what I'm going through, might seem selfish to you
But I've never tried it and I think that I'll like it
What I'm going through, might seem selfish to you
But I've never tried it and I think that I'll like it, I do Now what I'm going through, might seem selfish to you
But I've never tried it and I think that I'll like it
What I'm going through, might seem selfish to you
But I've never tried it and I think that I'll like it, I do
I do, I do, I do I'm always lovin' too much and I'm always learnin' too much
And I'm always givin' too much, givin' too much of me
And I'm not punishin' you or blaming you blaming you
What I gotta do I gotta do for me It's what I want, it's what I need, just let me be
I'm sorry if you think this is selfish See what I'm going through, might seem selfish to you
But I've never tried it and I think that I'll like it
What I'm going through, might seem selfish to you
But I've never tried it and I think that I'll like it, I do Now what I'm going through, might seem selfish to you
But I've never tried it and I think that I'll like it
What I'm going through, might seem selfish to you
But I've never tried it and I think that I'll like it, I do Now what I'm going through, might seem selfish to you
But I've never tried it and I think that I'll like it
What I'm going through, might seem selfish to you

But I've never tried it and I think that I'll like it, I do
Yes, I do, yes, I do, this might seem selfish
I do, I do, I like it, this might seem selfish
See what I'm going through
I know I like it
