

Somebody Come Get Me

Melanie Fiona

[Intro:]

Somebody come get me
Before I kill this man
Somebody come get me
Cause I don't understand
He don't wanna love me
Say he got a woman down the street
He don't really love me
Cause if he did he wouldn't do it
Somebody come get me
Before I kill this man
Somebody come get me
Come get this knife out me hand
He don't wanna love me
Him got a woman I'm dying to meet
He don't really love me
Lawd of mercy don't make me do it[Verse 1:]
Lawd of mercy, lawd of mercy
He'll be begging please
Lawd of mercy, lawd of mercy
Begging on his knees
Pack up everything in here and throw out what he leaves
Pack up everything for you and take back my keys
Wooow I
He said the BITCH named Sandra
Wooow I
And thats what cause all this drama
Well give me back my keys and leave
I don't need you no more
Was supposed to love me
Now leave
Didn't I give you my all[Chorus:]
Somebody come get me
Before I kill this man
Somebody come get me
Come get this knife out me hand
He don't wanna love me
Say he got a woman down the street
He don't really love me

Cause if he did he wouldn't do it[Verse 2:]

Say

Lawd of mercy

What will I do

Lawd of mercy

Is he killing you

Lawd of mercy

Just wait and see

Lawd of mercy

If you don't give me back my keys and leave

Cause I don't need you no more

Give me back my keys

Don't look at me

Go back to your whore[Chorus:]

Somebody come get me

Before I kill this man

Somebody come get me

Come get this knife out me hand

He don't wanna love me

Say he got a woman down the street

He don't really love me

Cause if he did he wouldn't do it

Somebody come get me

Before I kill this man

Somebody come get me

Before I put this nine in my hand

You'll hear a shotta one two

And the noise will bring the boys in blue

Lawd of mercy

What did I do

Hear a shotta hear a shotta hear a shotta hear a shotta
