Advisory - the following lyrics contain explicit language:

Raise up, everybody raise up
Raise up, raise up
Raise up, raise upStraight out the poorhouse eating lobster for breakfast
Two new tour buses, 'cause my voice is infectious
Now the super models never call me a sexist
I got the new style that is leaving them breathlessI'm a born entertainer, coming straight out of Memphis
And if Elvis was alive, even he would admit this
I'm all over the world, using you as a witness
Test my drive, sweetie, 'cause my hunger's relentlessRaise up, what you wanna do? What you wanna do?
What you wanna do? C'mon, c'mon
Raise up, what you wanna do? What you wanna do?
What you wanna do? What you gonna do?Raise up, raise up
Everybody get together, take your hands and raise up
Raise up, raise up
Everybody get together don't be afraid to raise upTo all the fans sittin' up in the stands
We got some mad love when we come to see you again
What, we're comin' down and we're bringing some friends
So get your ass up to the stage and we can let the damn thing begin'Cause I'm back again
And I came to wind and I came to move you
So strike up the band, and raise up your hands
I wanna feel it moving through youRaise up, what you wanna do? What you wanna do?
What you wanna do? C'mon, c'mon
Raise up, what you wanna do? What you wanna do?
What you wanna do? What you gonna do?Raise up, raise up
Everybody get together, take your hands and raise up
Raise up, raise up
Everybody get together don't be afraid to raise upRaise up, raise up
Raise up, raise upThere comes a time in everyone's life
Where we gotta stand up and fight
It doesn't mean that it's wrong or right
Just let it go 'cause it's on tonightRound and round and round we go
Where we stop nobody knows

We'll stand together and we'll let 'em know
Mess with the bull get the horns, that's the way it goesRaise up, raise up
Everybody get together, take your hands and raise up
Raise up, everybody, raise up, get together
Everybody get together, don't be afraid to raise upRaise up, everybody, raise up, get together
Everybody get together, take your hands and raise up
Raise up, everybody, raise up, get together
Everybody get together, don't be afraid to raise up
