

Happiness

Sophia Avocado

If you were a girl and I was a boy
Iâ€™d want you to come and play with toys
If you were a mitten and I a glove
Iâ€™d hold hands want to snuggle up
If you were the snow and I a sled
Put a warm hat up on your head

[Chorus]

Happy is good and happy is free
Happy is you and happy is me
Happy is good and happy is fun
Happy is two and happy is one

If you want to go out to a mall
Grab a giant cart and fill it all
Buy you a trucker and electric car
Fill it with a thousand chocolate bars

[Chorus]

Happy is good and happy is free
Happy is you and happy is me
Happy is good and happy is fun
Happy is two and happy is one

[Bridge]

If you were Jupiter and I was Mars
Circle back together and around the stars
If you were the stars and I was space
Travel round forever and ever embrace

[Chorus] â€“ Repeat x2

Happy is good and happy is free
Happy is you and happy is me
Happy is good and happy is fun
Happy is two and happy is one
