I'm Alive

Sasha

When I wake up and the sun won't shine
and I see the bedlam all around me
I turn over and go back to sleep againIf I could skip or erase this day
but it's much to young to feel sorry
so I'm trying to get on my feet againnow and then I start talking to myself
cause I'm ashamed to tell anybody else
do I really need to ask for someone's help
to find out
that I'm alive
and I can't get myself outta here
I'm alive
I'm aliveMan in the mirror why you're staring at me
you have to see the same face tomorrow
do me a favour and get out of my way for today -
just todayIt's not the answer but the question that makes life
a little bearable like dating your ex-wife
do i really need to back out and to hide
I decidethat I'm alive
and I can't get myself outta here
I'm alive
and I do what I have to pull me through my live
I'm aliveI tell you one thing, I do need something
I pool of good luck charmes to bathe inI tell you one thing, I do need something
I pool of good luck charmes to bathe in
and hope I'm gettin out aliveWhen I wake up and the sun won't shine
and I see the bedlam around me
I turn over and get back to sleep again
and again and again
