

All I Want

BlackRain

Don't act surprised, it ain't like you didn't know
It's been a long long time coming and it's time for me to go
 Tryin' to split things up could drive us crazy
 So I'm gonna make this easy, baby
 You can have the money, you can have the house
 Take the Cadillac and that boat out back
 And your mother's pink and yellow couch
 You can have every penny that I'll make from this here song
 Girl all I want you to leave me is alone
 Don't get me wrong I will always love you, girl
 You were my life you were my heart, you were my world
 But we both know it's over, there's no need to fight it
 Girl I just need some peace and quiet
 So you can have the money, you can have the house
 Take the Cadillac and that boat out back
 And that ugly pink and yellow couch
 You can have every penny that I will make from this here song
 Girl all I want you to leave me is alone
 You can have the money, you can have the house
 Take the big screen and your diamond ring
 And those shoes that you swore you couldn't live without
 You can have every penny that I will make from this here song
 Girl all I want you to leave me is alone
 Girl all I need you to leave me is alone
