

# Get Off Easy

## Breathe Carolina

Shut the fuck up!

City girl with the pretty eyes,  
Sittin' pretty in her disguise,  
All alone and I don't know why  
Looking good like she don't try,  
Sweet talking to paralyze,  
Wouldn't know shes a dirty dime  
Story's changing, color's fading,  
You are nothing more than a thought

I've never seen your eyes so red  
Familiar stranger slips into my bed  
I should have killed you when I had the chance  
I should have killed you when I had the chance  
To get off easy

Only pretty on the outside,  
Full of nails on the inside,  
I guess lust is blind  
(I cannot feel)  
Red nails and a butcher's knife  
I don't care cause she's looking fine  
She's a good way to die

I've never seen your eyes so red  
Familiar stranger slips into my bed  
I should have killed you when I had the chance  
I should have killed you when I had the chance  
To get off easy

Next time I won't be so weak  
I made it out alive  
Next time I won't be so weak  
I made it out alive  
Next time I won't be so weak  
I made it out alive  
Next time I won't be so weak

Story's changing, color's fading,

You are nothing more than a thought

I've never seen your eyes so red  
Familiar stranger slips into my bed  
I should have killed you when I had the chance  
I should have killed you when I had the chance  
To get off easy
