Caldera

Boho Dancer

I stand before you stranger lover
The end is near the end is foreign
When solstice comes this deadly winter
I'll take your hand and fall

I don't know what's coming darling
My feelings are extinct
The way I see you, the way I'm going
Will never be the same
My head is in the wind

I saw you entered the seven seas
Way down in the mud
It took your breath and it gave you air
Led you to the war
Now we will be reborn

Caldera oh caldera
Caldera oh
Emptying my soul

The water's running
My heart is naked
Out of my mother's womb
You will despise me
And you will love me
The freshness of my arms
My voice it is the wind

I saw you entered the seven seas
Way down in the mud
It took your breath and it gave you air
Led you to the war
Now we will be reborn

Caldera oh caldera
Caldera oh
Emptying my soul

I am consistent

My bloodstream giving
There was a burning wound
My navel is the moon
