Obsession

Xymox

We sit in your room so dark and strange
With yellow candles burning straight
Outside it rains so silver and bright
A glaring light crashed into the skyIt's just the way it should be, it's so right as rain
It's just the way it should be, it's so right as rain
We stayed awake at night with vision so unreal
We stayed awake at night with vision so idealIt's got a hold on me
It's got a hold on meSmiles and voices suddenly changed
Eyes and shadows on a distance too short
Is there someone who I know? Is there someone at all?
Is there someone who I know? Is there someone I called?It's just the way it should be, it's so right as rain
It's just the way it should be, it's so right as rain
We stayed awake at night with vision so unreal
We stayed awake at night with vision so idealSo when the sun comes running in your eyes
And the wind shakes the forest leaves
We stayed awake at night with vision so unreal
We stayed awake at night with vision so idealIt's got a hold on me
It's got a hold on me
It's got a hold on me
It's got a hold on me
