

# Little Did They Know

Jesse Royal

some say knowledge is the wise man tool  
but its a burden to the fool  
so many hate misplaced, cause the money dem a chase  
physically free, psychological enslaved

A Little did they know  
That everything that glitters arent gold  
my children are practicing self control  
the other off, still yet to be told

the biggest criminals constitute parliament  
so dont take money or favors from them  
they offer no solution but cause the problem  
i cant find the words to truly describe them
