

# Messin' With the Man

## Muddy Waters

What did I hear goin' on 'round town  
You tell everybody you're gonna put the kid down  
Whoa Lawd baby you drivin' me insane  
You been messin' with the kid, you better not be messin' with the man  
You know the kid didn't jive, you know  
the kid didn't play  
He said what he mean and he meant what he said  
Whoa Lord now baby you drivin' me insane  
You been messin' with the kid, you better not be messin' with the man  
You spendin' my money as it come as a  
gift  
I work for my money upon a eight-hour shift  
Whoa, Lord now, baby you drivin' me insane  
You been messin' with the kid, you better not be messin' with the man  
Now anything you want it, when you just  
say it  
Didn't the kid buy, the time he got paid  
Whoa, Lord, baby you drivin' me insane  
You been messin' with the kid, you better not be messin' with the man
