In My Veins

Admiral Twin

Open up, let me in
Let me show you how we were meant to be
Let me bleed, let me mend
Iâ€™ve got knives inside
and theyâ€™re killing me

Youâ€™re the last good fight I ever lost
Iâ€™m a blood red scar on your memory
But Iâ€™ll break all your fears
And kiss you to tears
Every best-laid plan is a tragedy

I want you
I want you right back here in my veins
No, I wonâ€™t let go
I want you right back here in my veins

Hey, take off the face
I knew you when you were
nothing more than a footnote
No one cared...
I was there

All your backstage demons gotta go
I donâ€™t wanna play games with you anymore
Iâ€™m not here for a show
â€˜cause god only knows
Youâ€™re the one twist I wasnâ€™t ready for

I want you
I want you right back here in my veins
Oh, you cut me down
I want you right back here in my veins
And I donâ€™t want to fight about it
I canâ€™t change you
And you wonâ€™t change me
But I
I want you
I want you

Come on, knock me back down
You know you wanna try
We can start it over

I, I want you
I want you right back here in my veins
You, youâ€™re all I know
I want you right back here in my veins
And I donâ€™t want to fight about it
I canâ€™t change you and you wonâ€™t change me
But I, I want you
I want you
Yeah, I want you
Right back here in my veins
