

# Zombie Attack

## Tankard

I'm just hanging around tonight, just watching films  
I am on the Zombie Trip and brutal things I like  
Zombie attack  
The film I saw is over now and I leave my home  
Brutal Zombies are shouting so hard, is it real or not?  
Zombie attack  
I wake up, this was a dream, I drink my beer  
But then I see a Zombie killin', I know I must die
