Island (Acoustic Version)

The Ben Taylor Band

Written by: Ben TaylorI'm an island
Everyone can see that I'm an island
I've got ocean just about
Everywhere that I can seeSo I'll be stranded unless you come to me
And I'm lonelyI would rather fall from grace completely,
than let you change my mind
I would rather bet my life against the rising of the sun.Can't be too careful
About the friends you keep around you
Some won't ever let you down
Some who'll fail you every day?And it's a blatant disrespect of privacy
It enrages meBut I would rather fall from grace completely,
than let you change my mind
I would rather bet my life against the rising of the sun.I'm an island
Can't you understand me I'm an Island
And I'm finally by myself
The way I've got to beNow that's exactly the thing that's been killing meI would rather fall from grace completely,
than let you change my mind
And I would rather bet my life against the rising of the sun
I would rather bet my life against the rising of the sun
