

The Veldt (feat. Chris James) [Original Mix]

[deadmau5](#)

Happy life with the machines scattered around the room
Look what they made, they made it for me happy, technology
Outside the lions roam, feeding on remains
We'll never leave, look at us now
So in love with the way we are, hereThe world that the children made
The world that the children madeEvery night they rock us to sleep, digital family
Is it real or is it a dream, can you believe the machines
Outside, the beating sun, can you hear the screams
We'll never leave, look at us now
So in love with the way we are, hereThe world that the children made
The world that the children made, here
The world that the children made, here
The world that the children made
