If You've Got Love

Electronic

You are the only one I need
And you mean everything to me
I cant get you out of my mind
Youve got the face I want to seeYoure never in when Im around
When I turn up, you turn me down
If you lie to me I believe you
Yes, I have to, I will leave youStop if youve got love
Take all your faith and make it good
Bow down, surrender, follow love
And make it yours forever moreWhy dont you stop if youve got love
Dont lose this grace, its just too good
I hope its me youre thinking of
Because I feel the needYou never know whats going on
But you tell me that I am wrong
If it was up to me I would leave you
But it isnt, I believe youI would do anything I could
Just to make sure you understood
But I wouldnt ever deceive you
Though Id want to, I could not doStop if youve got love
Take all your faith and make it good
Bow down, surrender, follow love
And make it yours forever moreWhy dont you stop if youve got love
Dont lose this grace, its just too good
I hope its me youre thinking of
Because I feel the needStop if youve got love, if youve got love
Stop if youve got love, if youve got love
Stop if youve got love, if youve got love
Stop if youve got love, if youve got loveStop if youve got love
Stop if youve got love
Stop if youve got love, if youve got love
Stop if youve got loveStop if youve got love
Stop if youve got love
Stop if youve got love
Stop if youve got love
