

# If You've Got Love

## Electronic

You are the only one I need  
And you mean everything to me  
I cant get you out of my mind  
Youve got the face I want to see Youre never in when Im around  
When I turn up, you turn me down  
If you lie to me I believe you  
Yes, I have to, I will leave you Stop if youve got love  
Take all your faith and make it good  
Bow down, surrender, follow love  
And make it yours forever more Why dont you stop if youve got love  
Dont lose this grace, its just too good  
I hope its me youre thinking of  
Because I feel the need You never know whats going on  
But you tell me that I am wrong  
If it was up to me I would leave you  
But it isnt, I believe you I would do anything I could  
Just to make sure you understood  
But I wouldnt ever deceive you  
Though Id want to, I could not do Stop if youve got love  
Take all your faith and make it good  
Bow down, surrender, follow love  
And make it yours forever more Why dont you stop if youve got love  
Dont lose this grace, its just too good  
I hope its me youre thinking of  
Because I feel the need Stop if youve got love, if youve got love  
Stop if youve got love, if youve got love  
Stop if youve got love, if youve got love  
Stop if youve got love, if youve got love Stop if youve got love  
Stop if youve got love  
Stop if youve got love, if youve got love  
Stop if youve got love Stop if youve got love  
Stop if youve got love  
Stop if youve got love  
Stop if youve got love
