

# You Drive Me Wild

## The Runaways

You know when you're close you really turn me on  
That's why I want you so bad when your gone, yeah  
Come on, come on and take me home  
Please stay with me and don't you leave me alone You drive me wild, yeah yeah  
You know you do, uh huh  
You drive me wild, oh yeah  
You know I need you, ooh ooh You're on my mind always my one desire  
And let's get together and build us a fire  
Make me tremble and make me shake  
Pleasin' each other rockin' till daybreak You drive me wild, yeah yeah  
You know you do, uh huh  
You drive me wild, oh yeah  
You know I need you, ooh ooh You drive me wild, yeah yeah  
You know you do, uh huh  
You drive me wild, oh oh  
You know I need you, ooh ooh Don't hold off do it, I need your lovin'  
I'm getting so hot, I'm cooking like an oven  
My head is all filled with crazy thoughts  
Love like this just can't be bought You drive me wild, yeah yeah  
You know you do, uh huh  
You drive me wild, oh oh  
You know I need you, ooh ooh
