All Is Well

Beres Hammond

I know I'm gonna feel real Good tonight oh yeah...[Chorus]

All is well I can tell

Cause I like the way I feel

When I see you coming through

I won't lie, cause you take me on a high

I feel you coming through oh ohSay it over and over T

Hat for me there could be no other

Doubt there will be another

To make you change my mind no no

You gave me cool cool water

And I was never thirsty after

Don't even try to convinced me

I won't change this line[Chorus x2]I'm so proud of me

Really really going steady

With no intention of ever letting go no no

The only problems are waiting

It's like years until this evening when

Gonna four that sugar on me

Gonna give me all that honey

And when the sun come shining

This is where you're going to find me[Chorus x2]It's nice to rise in the morning

With the sun shining in your face

Then decided to share it

With a woman of your taste

She gave me cool cool water

And I was never thirsty after

And then she poured that sugar on me

And then she gave me all that honey

And the sun comes shining

Here is where you're going to find me[Chorus x2]Say it over and over

That for me there could be no other

Doubt there will be another

To make me change my mind

She gave me cool jelly water

And I was never thirsty after

Don't even try to convinced me

I won't change the line[Chorus]
