

# Dog Door

Rena Strober

Oh mother I want a dog  
I want a little dog  
I saw a little dog  
His name is happy

Well this is me  
Don't get close to me now  
I could be a shopkeeper  
We'll call 'em

She 'bout six foot four  
Now she's a wrecking-ball  
Back over here together  
She brought the bad weather with her

She got me coming through the dog door  
She got me coming through the dog door

Got me a pitchfork  
Oh step-ladders

You oughta walk away  
Well you can't, but you oughta  
Climb the brick up to the stairs  
She got long black hair  
But don't sit there  
He let me keep the... chair

She got me coming through the dog door  
She got me coming through the dog door

Pitchfork (pitchfork)  
Crowbar (crowbar)  
Clawhammer (clawhammer)  
Hot tar (hot tar)

She got me through her middle name  
But she can make it rain  
She's a small town jail

And she's starving in the belly of the whale

She got me coming through the dog door  
She got me coming through the dog door

Pitchfork (pitchfork)

Crowbar (crowbar)

Clawhammer (clawhammer)

Hot tar (hot tar)
