

# The Walk

Imogen Heap

Inside-out, upside-down, twisting beside myself  
Stop that now 'cause you and I were never meant to meet  
I think you'd better leave, it's not safe in here  
I feel a weakness coming on Alright then, alright then, I could keep your number for a rainy day  
That's where this ends, no mistakes, no misbehaving  
I was doing so well, could we just be friends?  
I feel a weakness coming on It's not meant to be like this, not what I planned at all  
I don't want to feel like this, yeah  
Was not meant to be like this, not what I planned at all  
I don't want to feel like this, so that makes it all your fault Inside-out, upside-down, twisting beside myself  
Stop that now, you're as close as it gets without touching me  
Oh now, don't make it harder than it already is  
And I feel a weakness coming on It's not meant to be like this, not what I planned at all  
I don't want to feel like this, yeah  
Was not meant to be like this, not what I planned at all  
I don't want to feel like this, so that makes it all your fault Big trouble losing control  
Primary resistance at a critical low  
On the, on the double gotta get a hold  
Point of no return, one second to go No response on any level, red alert, this vessel's under siege  
Total overload, all systems down, they've got control  
There's no way out, we are surrounded  
Give in, give in and relish every minute of it Freeze, awake here forever  
I feel a weakness coming on It's not meant to be like this, not what I planned at all  
I don't want to feel like this, yeah  
Was not meant to be like this, it's just what I don't need  
I don't want to feel like this, so that makes it all your fault Feel like this, its all your fault  
Feel like this, its all your fault  
Feel like this, its all your fault  
Feel like this, its all your fault
