

Total Mass Retain

Novatron

I get up, I get down
Now that it's all over and done
Now that you find, now that you hold
My eyes convinced, eclipsed with the younger moon attained with love
It changed as almost strained amidst clear manna from above
I crucified my hate and held the word within my hand
There's you, the time, the logic or the reasons we don't understand
Sad courage claimed the victims standing still for all to see
As armored movers took approached to overlook the sea
There since the cord, the license, or the reasons we understood will be
 Down at the edge, close by a river
 Close to the edge, round by the corner
 Close to the end, down by the corner
 Down at the edge, round by the river
Sudden caution shouldn't take away the startled memory
 All in all, the journey takes you all the way
As apart from any reality that you've ever seen and known
 Guessing problems only to deceive the mention
 Passing paths that climb halfway into the void
 As we cross from the side to side
 We hear the total mass retain
 Down at the edge, round by the corner
 Close to the end, down by a river
 Seasons will pass you by
 Get up, get down
