

Down Along The Cove

Johnny Jenkins

Down along the cove
I spied my true love comin' my way
Down along the cove
I spied my true love comin' my wayI say, "Lord, have mercy, mama
It sure is good to see you comin' today"Down along the cove
I spied my little bundle of joy
Down along the cove
I spied my little bundle of joyShe said, "Lord, have mercy, honey
I'm so glad you're my boy"Down along the cove
We walked together hand in hand
Down along the cove
We walked together hand in handEverybody watchin' us go by
Knows we're in love, yes, and they understand
