

# Hold Me In Your Arms

Pixie Lott

Watching the world float on by  
I can say I'm alright  
Watching the sun light the moon  
As the day turns to night And he says don't you know I love you?  
Don't you know you're beautiful?  
He says everyday is special  
You have made me believe Hold me in your arms 'cause I'm falling  
Hold me in your arms while we're sleeping  
Hold me in your arms Dreaming of soft cotton clouds  
I feel close to you now  
Dreaming of candy and chocolate  
All the bad girls not allowed And he says as he thinks I'm sleeping  
He whispers girl, you are the one  
Never thought I could feel this way  
Girl, you made me believe Hold me in your arms 'cause I'm falling  
Hold me in your arms while we're sleeping  
Hold me in your arms Though I'm a little scared that all the times we shared  
Almost too perfect to ever last  
And when I'm lying here and you are holding me  
I know the fear in me will pass  
Hold me Hold me in your arms 'cause I'm falling  
Hold me in your arms while we're sleeping  
Hold me, hold me, hold me in your arms Hold me in your arms 'cause I'm falling  
Hold me in your arms while we're sleeping  
Hold me, hold me, hold me in your arms
