

Hiding In the Melody

Night Moves

Where are you going?
Will I know who?
Well with whom you are holdin'?
Right next to you And she'll never keep me easy
You know she's waiting on me all???
On you, on you And it's just a little bit of an old self
It adds up, I don't know how
I don't wanna say that it's come true
But what if I could keep it down And she knows she's ever-pleasing
She knows it's always easy to see
On you, on me
On you, on me
And I wanted to be there
How I wanted to try
Right next to you
On you, you Again, it's just no good
Again, I knew I would
Again, it's just no good
Again, I knew I would Oh, oh And I wanted to be there
Oh, I wanted to try
Right next to you
Right next to you
On you, you
Oh, do you? Oh, oh
And I wanted to be there
How I wanted to try
Right next to you
Right next to you
Oh, do you?
Oh, do you?
Oh, do you? To be next to you...
