

Watchu Doin (feat. Mj Finesse)

Dopetrackz

I don't know watchu doin'
(where you goin'? Come back!) okay!
But please just do it to me
(where you goin'? Come back!)
And I don't know where you goin'
(where you goin'? Come back!) huh!
But please don't leave without me
(where you goin'? Come back!)Eyy! You got me twisted dumb
with your mothafckin' tongue Oh!
come and get you some
or I come and get me some (you know)
Oh! I came and you just came
Oh! It's time for another round
Knock you down and you get back up
than I knock your azz back down (boom boom boom boom)
Eyy! that's how it's goin' down
Las Vegas in our room
Hold on, be quiet
I sweep her off her feet just like a broom
Watchu mean, why you waitin'
we can get it right now
From the couch to the floor
make your azz say (Oh yeah!)I don't know watchu doin'
(where you goin'? Come back!) okay!
But please just do it to me
(where you goin'? Come back!)
And I don't know where you goin'
(where you goin'? Come back!) huh!
But please don't leave without me
(where you goin'? Come back!)She got that pssy off gleek tho'
Got me tryin' to find her like Nemo
Keep that pssy bald CeeLo
And it's tighter than a key hole
Jumpin' in that pssy
like when Jordan hit the shot on Ehlo
you don't feel me tho', but she feel me tho'
put it on the iPhone we on video
wood her down like Home Depot
got that pssy comin' back like repo

there's a fee tho' pssy ain't free tho
all about that lucci, no freeload
beat the pssy assault on a L.E.O
say she got a friend make it a trio
2 for 1 like swisha cigarillo
pssy poppin' like thay work at Cleo's
(hold up)I don't know watchu doin'
(where you goin'? Come back!) okay!
But please just do it to me
(where you goin'? Come back!)
And I don't know where you goin'
(where you goin'? Come back!) huh!
But please don't leave without me
(where you goin'? Come back!)I don't know watchu doin'
(where you goin'? Come back!) okay!
But please just do it to me
(where you goin'? Come back!)
And I don't know where you goin'
(where you goin'? Come back!) huh!
But please don't leave without me
(where you goin'? Come back!)
