

She's Not You

Marshall Crenshaw

My girl Betty she's always into something new
She says lay here beside me until the darkness is through
She's got a secret but I could never find a clue
She's got everything I need and I want
But she's not you Well my downtown lady now she really gets around
She says she's gonna take me with her
And we're going out tearin' up the town
She don't mind living in daydreams
I've never seen her blue
She's got everything I need and I want
But she's not you
She's not you
She's not you
She's not you
