I Didn't Mean It

Aurea

You say the words I wanna hear
But they are as empty as the air
Just like you mean it
But you didn't mean it
At allAs I go walking through this night
Telling myself I will survive
I wish I could mean it
But I didn't mean it
At all
We can tell so far how endless seems
And you can be someone that you can be
It's a gentle lie
But it will leave me crying through the night
But that's how it is, sometimes
But that's how it is, sometimesDidn't think love should be like this
You wouldn't let go no word this is
You wanted to mean it, but you didn't mean it
At all
We can tell so far how endless is
And you can be someone that you can be
It's a gentle lie
But it will leave me crying through the night
But that's how it is, sometimes
But that's how it is, sometimes
(Back ground vocals)
You wanted to mean it, but you didn't mean it
At all
