

Go Slow Down

BoDeans

Yes, she loves me

Yes, indeed

Yes, she loves me

On my knees First she comes, then we go

We go slow

Yeah, we go slow down She once whispered in my ear

"Let's not wait, let's do it here." First she comes, then we go

We go slow

Yeah, we go slow down She's on top, she's riding hard

Man we're flying to the stars

Here we go again

We go slow

Yeah, we go slow down
