

# Sweet Maxine (2016 Remastered)

## The Doobie Brothers

She can capture your heart  
When they start the music playin'  
Sparkle in her eyes, you better be wise  
Or you will end up losin' your mind I said baby, pretty baby  
Got to get my hands on you Somethin' is got a hold on, somethin' is got a hold on me  
Somethin' is got a hold on, somethin' is got a hold on me  
She was born with it in her soul, Lord she knows how to rock and roll  
She was born with it in her soul, Lord she knows how to rock and roll She's the answer to a poor boy's dream  
Never seen such a sweet young thing  
She's a teaser, love to squeeze her  
An actress from a fantasy scene I said baby, pretty baby  
Open your eyes to the truth Somethin' is got a hold on, somethin' is got a hold on me  
Somethin' is got a hold on, somethin' is got a hold on me  
She was born with it in her soul, Lord she knows how to rock and roll  
She was born with it in her soul, Lord she knows how to rock and roll She's got the power, power in her soul  
She's got the power, power, rock and roll  
She's got the power, power in her soul  
She's got the power, power, rock and roll She was born with it in her soul, Lord she knows how to rock and roll  
She was born with it in her soul, Lord she knows how to rock and roll  
She was born with it in her soul, Lord she knows how to rock and roll
