I Do It

Stereopony

I do it
I do it
I do it
Boi?
[Verse 1]I waited my whole life to be the man of the hour
I really can't lie, I was the man when I started
I will be the man when I die
Man, these hoes, take your money
And I take they virginity
I'm high, I split an O in half, now it's a parenthesis
Crazier than crazy, ape shit, retardedly stupid
I put that weed in an uhh and pass it
Yep thats ally oopin, okay
Oh, that's your girl
Well I don't give a master two shits
Okay I'm westside, westside till I'm riding underneath them tulips
You bordo like Enrique, I'm toupee, I'm three-pe
I'm looking like I'mma sweep stakes
But I treat ya girl like a cheap skate
Because I need a crib, a big estate
I need a boat and that need a lake
I need some salmon, that need a plate
That need a chef, so I feed my safe
My crew is who I'd be widdy-be-wid-it
Rose I sippity-sip-it
I'm Quagmire I fuck hoes
My cashflow I giggity-giggity it
Boy, I'm cock-a-mania
The most zaniest, insaniant
Pulling up in Merced-iance
Rolling up like I'm Damian
I love girls that's Arabian, Albanian, caucasian

I ride around gettin' cranium because my dick is hard as titanium
Oh boy you had your chance, and blew it (You blew it)
Stand aside and watch a real nigga do it
[Hook]I feel like the world mine
Just bow down, the world mine
I'ma let you live, the world mine

This world mine
[Verse 2]The one and only in this motherfucker
Niggas staring like we the only ones in this motherfucker
How could you not know we in this motherfucker
I got my haters looking lonely in this motherfucker
Woah, I'm sipping on whatever I get handed
Throwing house parties so crazy that my crib look like a campus
Play your cards right and I could blow you up
Nah, I aint gambling shit, I'm wasted, wasted
This looks like a job for Captain Planet
Nah, nah, good lordy, wowdy, I just took more shots than Kobe
The realest niggas is repping
The baddest bitches promoting
She put that thong on my groin, groin
And then it go boing!
Got my fronter on her bumper, does it look like she toying?
I hustle hard like I'm finna lose the crib
And party hard like I'm finna do it big
All I ever do is big
So all she want to do is big
Girl, what your name is, I really can't remember
And tone breaking tree down, somebody yell out timber
I'm up, up in them kush clouds, lighting up like I'm Zeus
Bitch stand back watch how a real nigga do it
[Hook]
