

I Wanna Hump You

Chixdiggitt

Well, I wanna hump you, that's the only thing I wanna say
I wanna hump you every night and every day
Don't get mad at me 'cause that's the only thing i wanna do
'Cause listen up baby, this song's for you Let's rock! I wanna hump you
Let's rock! I wanna hump you
Let's rock! I wanna hump you
Let's rock! I wanna hump you You worked at Orange Julius but it's also at dairy queen
You're the one with the dark hair and the eyes colored aquamarine
You smiled at me when I ate my peanut buster parfait
Well, a girl like you is more than just a babe Here's why I wanna hump you
Here's why I wanna hump you
Here's why I wanna hump you I wanna hump you now
I wanna hump you now
I wanna hump you now
I wanna hump you now I wanna hump you
I wanna hump you
I wanna hump you I wanna hump you now, watching you
(Change those prices, eat those pretzels?)
Is the most erotic thing I've ever seen since I went to the French maid
And saw the ping pong ball shooting queen I got an autographed picture and a pubic hair on a ball
(That's gross)
I wanna hump you, the best chick in the mall I wanna hump you
I wanna hump you
I wanna hump you I wanna hump you now
