I Will Never Forget You

CÃ©cile Corbel

Sooner or later they say
That it all gets easier
Take it one tear at a time
I wake up one day
To find some closure
Shining like the sunlight through the blindsNo matter how much time make pass between us
You'll never be more than memory away'Cause I'll never forget you
No I'll never forget youWhisper of the evening rain
On the bedroom window
Like the sky is missing you
The flicker of the candle flame
There's only one shadow
Oh, but I can still see twoNo matter how much pain I have to go through
It's better than feeling nothing for you at all'Cause I'll never forget you
No I'll never forget you
When I'm sleeping
When I'm dreaming
Whenever when
I got the feeling that I'll never forget you
And I love youOh and I'll never forget you
Oh, I'll never forget you (never forget you)
Never forget you, oh oh
Never forget you
