Waves Know Shores

James Blake

And I waited some, and I waited some
You wanna know me like waves know shores
I'm waiting to see who's mind of gold
Message after message
Through your broken turn I hear someone
Who hasn't found what changes themYou wanna know me like waves know shores
Like I know my own self's goals
Like I know, like I knowAll I suggest is
I suggest you love like love's no loss
