

Your Smile

Gerald Levert

Sometimes my ego gets in the way I don't say I love you when I should say it
Ain't your fault I had a bad day for your happiness is why I pray now I lay me
Down to sleep I hope that you are proud of me if I should die before I wake
Remember all these words I say Your smile your face is all that it take's is all that it take's to humble me
Na na na na na na na na na When I look into your eyes I think that I'm a lucky guy to know someone like
You will always be a part of my knowing that I taught you well and picked you
Up
When you fell and no one else can tell you that for you I won't be knowing
You're
The future times the heart of a shore end and that is why it makes me respect
You more and I sang and I sang now I lay me down to sleep I hope that you
Fulfill my dreams and if I should die before I wake remember all these words I
Say Your smile your face is all that it take's is all that it take's to humble me
Na na na na na na na na na
