Blaqk Audio

We are all still the same dear
I have owned this life forever, I'll always remain
If it's just the same dear
Why have you left before forever yet returned again? If you show me heaven, I will meet you there
How it breaks
their hearts that we've made an art
Of desecrating our sanctuaries, sanctuaries
We're one and the same dear
You were born for this forever, forget your restraint
Remnants of a past here pass like light through dust
As memories fall fleeting like pain
If you show me heaven, I will meet you there
How it breaks their hearts that
we've made an art
Of desecrating our sanctuaries, sanctuaries, sanctuaries
How it breaks their heart
Desecrate our sanctuaries
Desecrate our sanctuaries
Desecrate our sanctuaries
How it breaks their hearts that we've made an art
Of desecrating our sanctuaries
How it breaks their hearts that we've made an art
Of desecrating our sanctuaries
