The message for you “
I will put my heart into it
and send it to you
The message for you “
I will put everything from morning to night,
from one to ten.

Hey hey hey, if you receive it, please tell me
But please don’t say you don’t like it, don’t say no
Baby baby baby, if you say ok, please reply
So that my burning heart will calm down

How come you haven’t replied even after several hours?
Should I stop now, should I give up “ I was hesitating when

You got a message

I write down my heart
A message
I will stay up all night again today
Don't ignore my text, I wait for your reply
ooo ooo, this message that I send sincerely
ooo ooo, I wait for your reply

Can't you accept my heartfelt message?
Just ri gi ding ri gi ding ri gi dong dong
You completely have my heart

Go to the top, we ain't no stop
I pull on the strings of your heart
Just ri gi ding ri gi ding ri gi dong dong
Because it's how I truly feel

The message for you is
I will put my heart into it
and send it to you
The message for you is
I will put everything from morning to night,
from one to ten

How come you haven't replied even after several hours?
Should I stop now, should I give up? I was hesitating when

You got a message
I write down my heart
A message
I will stay up all night again today
Don't ignore my text, I wait for your reply
ooo ooo, this message that I send sincerely
ooo ooo, I wait for your reply

Every day I want you
I want you this much

You got a message
I write down my heart
A message
I will stay up all night again today
Don't ignore my text, I wait for your reply
ooo ooo, this message that I send sincerely
I need you everyday Yeah eh eh ~
ooo ooo, don't make me wait
