

The Cross Is My Confession

[Kari Jobe](#)

The cross is my confession Approach my soul, the mercy seat
Where's Jesus answers prayer
For none can perish there
Your promise is my only plea
You gather broken souls
Oh, healer draw me close
Bowed down beneath a weight of sin
By war without and fears within Oh, the cross
Oh, the cross
The cross is my confession
Your cross Jesus You are my shield
And now In Christ
I'll face my every foe
And tell them they have died
O wondrous love
Eternal life
As we all plead your name
All sinners such as I
By grace received my soul be still
Your work in me both power and will Oh, the cross
Oh, the cross
The cross is my confession
Oh..., your cross For I believe in God the father
And in his son there is no other
His very life living inside (repeat 4X) This I confess my righteousness
His very life living inside
Jesus, your cross
your cross
